| 1884/8-1988/3 | JIT/CIM Consultation & Project Leader of All Hitachi Metals' Works. VEC (VE for Customers) System & Structure Makings And VEC Methods Making & Application Leader to All Hitachi Metals Dev. |
| 1988/4-1990/7 | AAP ST. Marys Corp. at USA as Production Control Manager |
| Responsibilities | Plant Layout Planning and FA System Making, TPM and Low-Cost Automation Making Leader. JIT/SCM-IT System Making Project Leader. BMP (Basic Genba-Management Methods Trainer Small Group Activity Control & Suggestion System Manager |
| 1990/12-1991/2 | Central Office of Hitachi Metals Ltd. |
| | Central Production Engineering Dev. as a Manager |
| Responsibilities | Promotion about Total Working Hour Reduction Project Leader |

Major Work EXPERIENCES on JMA 1991/3- Now

Please Look at URL: qcd.jp ,You will get newest Nakamura's Activities.

- 1, JIT/SCM Consultations on about 30 Companies
- 2, Four JIT/SCM Seminars on each year at JMA
- 3, Two JIT Physical Distribution Seminars on each year (1993-2007 It ends now.) at JMA
- 4,TP (Total Productivity) –Management Seminars on more than 20 Companies
- 5,Tow TPM(Total Production Maintenance) on each year (1993-2007 It ends now.) at JMA
- 6,About six 5Ss Seminars at JMA
- 7,Bottom up & Top Down Suggestion system Making and Training about 5 Company on each Year
- 8, About more than Ten Zero Defect Training Seminars and Trainings on JMA seminars and Companies.
- 9, About more than Ten Human Error Elimination Methods Seminar and Training on JMA seminars and Companies.
- 10, About more than Four Syystematic Layout Planning & Cell Production Seminar

on JMA Seminars and Companies.

11,Over Sea Training :USA, UK, France, Germany, Singapore, South Korea

(It carries out at an emergency request.)

★ You can get many seminar materials on URL : qcd.jp

<http://www.qcd.jp/corporateActivity.html>

12,On-Line Seminar by using IT Net-Work (Ex. Japan :USA & Mexico)

Starting at Y2011

Major publication books

1, English

- a) New Standardization (Productivity : USA)
- b) Go-Go Tools (Productivity : USA)
- c) TP-Management (Productivity Europe : UK)

2, Japanese (Now 54 books are published)

- a) ISO9001 with Zero Defect Production Methods
- b) How to attain Human Error Zero Production
- c) Management financial affairs and Cost Down by using JIT/SCM
- d) S/Vs Plant Managing Methods to attain High Productivity and Human Skills
- f) Book of IE (Basic Theory and Practices)
- g) Patent MAP
- h) 5Ss

3, VIDEO(Japanese)

- a) Zero Defect b)5Ss c)Small Group Activity management

- TP(Total Productivity)-Management 
 - Productin Technology Innovation Load MAP 
 - Creating the Production Techninology Load MAP 
 - Genba Shindan Methods 
 - Systematic Layout and Information System Planning(SLIM) 
 - Triple Speed Kaizen 
 - Workplace Standardization 
 - VE 
 - Go-Go Tools 
- 以上、大英語版・各種改善手法
